**(November 29, 2018)  
FOR IMMEDIATE RELEASE**

Sometime last night, one of the three skater statues that are located on the Parkway just north of Corby Pond was stolen. The eastern most statue was broken off at the base.

Parks department staff have searched the immediate area, however, have found no sign of the statue. The search will continue for the statue. If anyone has any information, please contact the St. Joseph Police Department at 271-4777, or call the TIPS hotline at 238-TIPS (238-8477).

The statue can be returned, no questions asked. The statue can be left at the parks administration building at 1920 Grand Avenue or any visible public place. If left in a public place, please notify the police department at 271-4777.

The skaters have been a free-spirited part of the landscape along this section of the Parkway for many years and were donated to the city by the Bradley family. This trio of skaters, like all our public art, is an important part of our Parkway system.
